Mr. Anderson is going as a delegate to the National Club workers convention which will convene August 16-20. On his way down Mr. Anderson will spend a couple of weeks at Long Beach, where Mrs. Anderson is spending the summer with her parents. He will return to the Agricultural College about August 25 and resume his work in connection with the High School Clubs throughout the state.

Mr. and Mrs. Jack Carson are back to Logan, having come here from Fish Dale, Wyoming, at the request of Sheriff John H. Barker, who had papers which had been issued by Mrs. C. D. Seymoure, asking for the arrest of Mr. Carson, alleging that he had stolen an automobile from the Mollerup and Yonk garage, and that the automobile belonged to the Seymoures. The case was up for settlement yesterday and Mr. and Mrs. Carson were exonerated by the court upon the showing that they had an equity in the car. The automobile, however, is held for the expense to which the county has gone to in the matter which in all probability will be paid by Mr. Carson who will be in possession of the machine. Mrs. Seymoure, who is a "promoter," selling stocks in a proposed glass factory at Moroni did not appear in court against the persons whom she has been accusing of stealing.

25 DROWN IN CLOUDBURST IN PENNSYLVANIA

Many Fatalities and Great Property Loss Follows in Wake of Flood in Erie

Erie, Pa., Aug. 3.—Twenty-five lives lost, as estimated by the police, millions of dollars in property damage and the city in total darkness is the result of a cloudburst shortly after 6 o'clock tonight that culminated in a flood that inundated a large section of the city.

The heavy precipitation caused dams south of the city to burst, flooding the main business streets to a depth of five feet and in some sections reaching to the second story windows of dwellings.

Cities in Darkness

Among the first plants to go out of commission was the Erie county Electric company which supplied the city with light. Then the Erie Dispatch a morning paper whose building adjoins the electric light plant was flooded and all idea of getting out a morning paper was abandoned until midnight when the staff was moved to the plant of the Erie Times.

In the meantime the first bulletin of the flood was sent to the outside world by the Associated Press operator who waded in water up to his armpits to the Western Union Telegraph office a distance of five blocks. It was several hours before the crippled telegraph and telephone communication could be partially restored.

At Ninth street along Mill creek the flood was at its worst. It is impossible tonight to ascertain how many actually have lost their lives there. Many were still imprisoned in their houses at a late hour.

The entire eastern section of the city is cut off by the water.

Assistant Chief Missing

Among those missing are Assistant Fire Chief James Buernon and four firemen. Reports were received that a house floated down Mill creek with two women and four children clinging to it. Firemen tried to rescue them, but lost their lives in the attempt.

Every store in State street, the main business street of the city is flooded and at least fifty houses are reported washed away.

The Jarecki manufacturing plant has been washed away and twenty automobiles that were in the garages went with it.

A girl standing on the banks of Mill creek was carried to her death when the bank caved in.

Farms Inundated

Portland, Ore., Aug. 3.—Farms were inundated, crops ruined, several houses swept away and several persons narrowly escaped drowning as a result of cloudbursts accompanied by hail and a windstorm in the Deschutes river valley, near here, yesterday, according to information received today. A bridge gave way under an engine and caboose but the train crew escaped unharmed.

Railroad Suffers

Meadville, Pa., Aug. 3.—Northwestern Pennsylvania suffered heavily by heavy rains tonight. Nearly every street in Meadville was swept by floods and business houses in the center of the city were inundated. Cambridge Springs reports the heavy

est rainfall in its history. All streets were flooded and the business section suffered serious loss. Titusville reports heavy rains and Cochranton suffered heavily. Much damage was done throughout Crawford county.

John Higgins of 207 East Eighth street was the first identified victim of the flood. His body was recovered from Mill creek.

Wreckage was piled seventy feet high in the very heart of the city and at midnight the water had receded somewhat, but the estimate of twenty-five dead was still maintained.

The flood started at Twenty-eighth street and came down through the Mill creek valley, a stream running through the eastern section of the city.

Houses Washed Away

At Ninth street, in the center of the city, half a dozen houses were washed away and piled up in the path of the waters. Scores of people were buried under the debris at that point. At a late hour their fate was still uncertain. The rain that preceded the flood started with a heavy thunder shower this afternoon and continued for several hours until the cloudburst. The water in Mill creek began to rise at 7 o'clock. The creek rose rapidly and an hour later the people began to flee, but by 8:30 o'clock the full force of the flood struck those who tarried.

Life savers have been called from the life saving stations at Lake Erie and firemen and policemen, under the direction of Mayor Stern, made every effort for the rescue of the imperiled and the comfort of the homeless and distressed.

It was estimated at midnight that 2000 persons were homeless. Telephone service was so crippled that the work of relieving the distressed and rescue was seriously impeded.

It probably will be days before the full amount of damage can be ascertained.

Sallow Complexion comes from bilious impurities in the blood and the fault lies with the liver and bowels: they are torpid. The medicine that gives results in such cases is HERBINE. It is a fine liver stimulant and bowel regulator. Price 50¢. Sold by Riter Bros. Drug Co.—Adv.

GRASSHOPPERS ARE CAUSE OF DAMAGE

Santa Fe, N. M., Aug. 3.—Serious

damage by grasshoppers to crops in Eddy and Chaves counties is reported here today from Carlsbad. Crops of alfalfa, corn, cane and kafir in the Pecos valley have been devastated. In many places peach trees with only the stones left hanging is a common sight. Large stretches of ranges are denuded of grass. The loss already exceeds \$100,000. It is said. Farmers on the 20,000 acre government reclamation project near Carlsbad are the principal losers.

Grasshopper traps are being used and the insects caught and stacked have become so great in quantity that the stench has become a nuisance in some sections. A poisonous mixture is being sprinkled over many of the ranges.

TO PRAY FOR PEACE AFTER ARMIES WIN

Paris, Aug. 3.—Pope Benedict's appeal for peace has elicited from the French cardinals, Lucien of the Rheims, Andreu of Bordeaux, Cabriers of Montpellier and Sevin of Lyons a joint letter enjoining all the French bishops to appoint a day of prayer for the blessing of a durable peace with the triumph of our army. The letter reviews the circumstances

under which the neutrality of Belgium was violated under which France was attacked by an enemy long prepared to violate her territory and states France's cause as that of our justice and civilization, adding: "And this cause has for its support an army whereof the valor of its leaders and the heroism of its soldiers render it invincible."

STRIKE OF GARMENT WORKERS POSTPONED

Walkout of 60,000 Members of the Union is to Be Reconsidered

New York, Aug. 3.—The threatened strike of 60,000 members of the International Ladies' Garment Workers union in greater New York will not go into effect tomorrow as was planned by union leaders, it was announced tonight by Morris Hillquist, representing the workers.

The postponement was brought about by a request from Mayor Mitchell's council of conciliation that representatives of the union and the executive board of the Coat, Suit and Skirt Manufacturers' Protective association meet with the conciliators tomorrow for a final discussion of the differences. The proposal was agreed to by both sides.
